

## **Financial Agreement for 350 Hour Advanced Veda Vinyasa Yoga Teacher Training Yoga Alliance Registered Course, RYS 200 & 300**

*Thank you for your interest! It is a great joy and true privilege to offer these trainings.*

### **Cost and Payment**

The total cost for this course is on a sliding scale of \$3500- \$5000. Sliding scale means you have the opportunity to choose an amount that works within your financial situation. This covers the cost of your attendance at all the scheduled AYTTC classes, unlimited free yoga at Heart of Yoga School for the duration of the course, and 12 hours of private session with Allison to be completed during the time frame of the course. It does not include cost for books, make up time for missed sessions, or attendance at special classes/events/workshops happening outside of the AYTTC schedule. If you choose a payment plan, please propose a payment schedule on the back of this sheet. Please include: the total amount you intend to pay, how much you will pay each month, and how long you intend to make payments. If you have not paid in full by graduation day we can not award a certificate of completion, and we may request a credit or debit card number to hold on file; in the event that your payments are not made by the fifth of the month, your card would be charged in the amount of your monthly payment, plus standard 3% for CC transactions. If you miss a month's payment entirely, a 1.5% interest rate will be applied to your remaining balance. There will be a \$50 charge for bounced checks.

### **Missing Classes**

If you miss any portion of the course, you will need to arrange to make up that time in the next AYTTC in order to receive a certificate. The certificate is important only if you are interested in registering with the Yoga Alliance once you graduate and become eligible for RYT 500 . If you aren't worried about receiving a certificate, and you miss an hour here and there, you may still graduate, and no certificate will be awarded.

Make up sessions may be arranged during the next course for a fee of \$24 an hour, except for sessions with guest teachers, asana, or kirtan, which will be offered at the public cost. If you miss more than 30% of the course, you may be asked to leave the group, with an opportunity to re-enroll in a later training with a new financial agreement and payment plan. In this case, you will still be expected to complete payments for your original course on your payment plan schedule. **We cannot give you a certificate of completion unless you have the equivalent of complete participation in all portions of the course, including asana classes and kirtan.**

### **Deposit and refund policy**

Please include with your application and signed financial agreement a **deposit of \$200** to be applied to the total cost of the course. There will be no refund of the deposit once I have processed your application. If you cancel your registration two weeks before the course begins or drop out anytime thereafter, there will be no refund if you had paid in full. If you had opted for the payment plan, I will expect full payment on the created schedule. In essence, you are purchasing a **seat** in this training, whether you use it or not.

### **Eligible Participants**

You do not necessarily need to have a strong asana practice, though it certainly helps if you do. This course dives into many aspects of yoga, of which asana is only one piece. Since this is an advanced course, there is an expectation that you have an understanding of basic yoga philosophy. You need a sincere interest in learning not only how to assist yoga asana and deepen your sequencing skills, but also a willingness to learn yoga philosophy in the traditional way from the traditional texts. We will also be embarking on sadhana intensives where you will have the opportunity to practice and experience the effects of prolonged pranayama and meditation practices. The class will have a minimum of 6 people and a maximum of 18. If I receive applications after the class is full you will be placed on a wait list and your application will not be processed unless an available spot comes open. I will not deposit your \$350 unless there is actually room for you to take the course.

### **Agreement**

If you choose not to use your space, by signing below you understand and agree that you are still obligated to pay or continue to pay for it once the course is exactly two weeks from beginning. We are not able to process your application until this financial agreement has been signed and received.

**I have read and understand the above financial agreements. I fully agree to these terms.**
