

Financial Agreement for 230 hour Veda Vinyasa YTT - 9 Month Program Yoga Alliance Registered Course, RYS 200 & 500

Thank you for your interest! It is a great joy and true privilege to offer these trainings.

Cost and Payment

The total cost for this course is on a sliding scale of \$2400 - \$3500. Sliding scale means you have the opportunity to choose an amount that works within your income and financial situation. This covers the cost of your attendance at all the scheduled YTT classes and unlimited free yoga at Heart of Yoga School for the duration of the course. It does not include cost for books, make up time for missed sessions, or attendance at special classes/events/workshops.

Unlimited yoga begins on the first day of class and ends on graduation day for the weekend courses.

If you wish to enroll in a payment plan, please propose one on the back of this sheet. Please include: the total amount you intend to pay, how much you will pay each month, and how long you intend to make payments. If you have not paid in full by graduation day, we may request a credit or debit card number to hold on file; in the event that your payments are not made by the fifth of the month, your card would be charged in the amount of your monthly payment, plus standard 3% for CC transactions. If you miss a month's payment entirely, a 1.5% interest rate will be applied to your remaining balance. There will be a \$50 charge for bounced checks. ****Please note: We can not give you a certificate of completion until the course is paid in full.**

Missing Classes

If you miss some of the classes on your syllabus, you will need to arrange to make up that time in order to receive a certificate. In general, make up work may be completed with the next YTT group at the rate of \$12/hour. If you aren't worried about receiving a certificate and you miss a little time here and there, you may still graduate, and no certificate will be awarded. If you miss more than 30% of the course, you may be asked to leave the group, with an opportunity to re-enroll in a later training with a new financial agreement and payment plan. In this case, you will still be expected to complete payments for your original course on your payment plan schedule. **We cannot give you a certificate of completion unless you attend and complete participation in all portions of the course, including the asana classes.**

Deposit and refund policy

Please include with your application and signed financial agreement a **deposit of \$200** to be applied to the total cost of the course. There is no refund of the deposit once I have processed your application. If you cancel your registration two weeks before the course begins, or drop out anytime thereafter, there will be no refund whatsoever if you had paid in full. If you had opted for the payment plan, I will expect full payment on the created schedule. In essence, you are buying a **seat** in this training, whether you use it or not.

Eligible Participants

You do not necessarily need to have a strong practice already, though it certainly helps if you do. You only need a sincere interest in learning how to teach a yoga asana class, and also a willingness to learn yoga philosophy. The class will have a minimum of 9 people and a maximum of 18. However, I reserve the right to choose a more intimate group and not fill to capacity. If I receive applications after the class is full you will be placed on a wait list and your application will not be processed unless an available spot comes open. Your \$350 deposit will not be cashed unless there is actually room for you to take the course.

Agreement

If you choose not to use your space, by signing below you understand and agree that you are still obligated to pay or continue to pay for it once the course is exactly two weeks from beginning. We are not able to process your application until this financial agreement has been signed and received.

I have read and understand the above financial agreements. I fully agree to these terms.
